SCHEDULE L27 – URBAN GENERAL - SINGLE PHASE

Availability

Available to customers who meet the requirements of the former Seward County Public Power District Rate Schedule L27 and are located within an area served by Seward County Public Power District prior to May 1, 2017. Available for commercial and industrial service, for all uses including lighting, heating, and power, within towns, villages or platted subdivisions with at least 10 customers, where the customer's peak demand does not exceed an average of 250 kW for the four summer months and does not exceed 400 kW for any single winter month.

Type of Service

Single-phase or three-phase, 60 cycles at available secondary voltages.

<u>Monthly Rate</u>	<u>Summer</u>	<u>Winter</u>
Customer Charge	\$26.00	\$26.00
Energy Charge, per kWh		
First 1,000 kWh	\$0.1200	\$0.1100
All additional kWh	0.1020	0.0870

Fuel and Production Cost Adjustment

A fuel and production cost adjustment may be applied to all energy used in an amount per kWh equal to the increase or decrease in the District's cost due to the most recent fuel and production cost adjustment from the District's power supplier plus an adjustment for system energy losses based on the previous calendar years' experience.

Minimum Charge

The minimum monthly charge shall be the greater of the following:

1. The minimum specified in the contract of service
2. Customer charge of \$26.00
3. A charge of \$1.40 per kVA of required transformer capacity

Late Charge

If payment is not received by the due date as indicated on the bill, 5% will be added to the bill as a late charge.

Summer and Winter Seasons

The summer rates will apply to customer bills rendered between June 15th and October 15th. The winter rates will apply to the remaining months of the year.

Platted Subdivisions

Platted subdivisions will be reviewed annually on December 31st of each year for application of this rate.

Municipal Agreement Charge

Where the District has an agreement to pay the municipality a percentage of the customer's retail revenue, such percentage will be added to each customer's bill before application of a fuel and production cost adjustment.

In Lieu of Tax Charge

If a customer resides within the corporate limits of an incorporated town or village, the customer will be charged an additional 5% of the customer's monthly charge plus or minus any fuel and production cost adjustment, since the District is required to remit this amount to the county in which the customer resides.

Service Regulations

The District's Service Regulations are incorporated herein as part of this Schedule.
