

Board Approved: November 6, 2019

Effective: Bill Rendered After January 20, 2020

**SCHEDULE S10 and S11 – IRRIGATION SERVICE
SINGLE OR MULTIPHASE**

General Availability

Available to customers who meet the requirements of the former Seward County Public Power District Rate Schedules 10 or 11 and are located within an area served by Seward County Public Power District prior to May 1, 2017. Available to seasonal power customers for irrigation pump motors, tower wheel motors, re-use pits and booster pumps. **This rate schedule is closed to new customers. New customers will be directed to Rate Schedule 10.**

Type of Service

Single-phase or three-phase, 60 cycles, at available secondary voltages.

Irrigation Season

Irrigation season shall be from May 1 through September 30.

Fuel and Production Cost Adjustment

A fuel and production cost adjustment including system energy losses based on the previous calendar years' experience may be applied to all energy used in an amount per kWh equal to the increase or decrease in the District's cost due to the fuel and production cost adjustment charged to the District by its power supplier during the irrigation season.

Municipal Agreement Charge

Where the District has an agreement to pay the municipality a percentage of the customer's retail revenue, such percentage will be added to each customer's bill before application of a fuel and production cost adjustment.

Meter Tampering

Rules outlined in Service Regulations, Section 900.

Service Regulations

The District's Service Regulations are incorporated herein as part of these schedules.

RATE S10 – IRRIGATION THREE PHASE - ANNUAL
