Board Approved: November 10, 2026 **Effective: Bill Rendered After January 20, 2027**

SCHEDULE 19 – MUNICIPAL STREET LIGHTING

Availability

Available to towns, villages, and communities for street lighting service from dusk to dawn.

Type of Service and Street Lights

Single-phase, 60 cycles, at available secondary voltages including the furnishing and maintaining of high pressure sodium, mercury vapor, light-emitting diode (LED) and incandescent lamps with luminaries and bracket attachments on District poles.

Monthly Rate

Incandescent:
- 100 watt lamp @ $ 7.99
- 150 watt lamp @ $ 8.79

Mercury Vapor:
- 175 watt lamp @ $10.97
- 250 watt lamp @ $13.05
- 400 watt lamp @ $19.25

High Pressure Sodium:
- 100 watt lamp @ $ 8.95
- 250 watt lamp @ $ 13.24
- 400 watt lamp @ $ 25.08

Metal Halide
- 100 watt lamp @ $10.32
- 250 watt lamp @ $16.20

LED
- 70 watt lamp @ $ 6.04
- 100 watt lamp @ $ 7.39
- 100 watt lamp @ $ 6.70 – Roadway Lighting

Additional Street Lights

Service will be furnished for additional lights at above rates provided the required extensions of the street lighting circuits do not exceed 300 feet per light.

Municipal Agreement Charge

Where the District has an agreement to pay a municipality a percentage of the customer's retail revenue, such percentage will be added to each customer's bill before application of a fuel or production cost adjustment, for services located within the service territory boundary and for customers served by city or village owned distribution facilities.

Gross Revenue Tax

For services located within the corporate limits of an incorporated town or village, the District is required to collect a 5% gross revenue tax on revenues, including any fuel or production cost adjustment, and remit this amount to the county in which the service is located.

Service Regulations

The District's Service Regulations are incorporated herein as part of this Schedule.
